MASON COUNTY COURT

A paper bearing date of March 19, 1918, and purporting to be the last will and testament of T. B. Trigg, deceased, was produced in court and filed. The due execution of said paper was proven by the testimony of Ella A. Haughey and Flossie Ritchey, attesting witnesses thereto, and was admitted to probate.

The Equitable Trust Company, named in the last will of T. B. Trigg, deceased, appeared in court and qual-

ified as such with its capital stock as surety.

The sale bill of Mrs. James Crane, deceased, was produced in court, filed and ordered to be recorded.

CARD OF THANKS

We wish to express our thanks to the friends and neighbors for the kindnesses shown and words of sympathy expressed in the recent death of our daughter and sister, Miss Hat-tie Denton.

ABERDEEN BOY INJURED IN FRANCE

Mrs. Anna Small, of Aberdeen, re-ceived word from the War Department yesterday that her son, Harry Small, had been injured in France. Small is in the Marine Corps and enlisted some time ago. This is the first Aber-deen boy who has been injured in the big war. Small was well known here, having worked in this city at various times. It is hoped by his many friends that he will soon recover.

McCREARY COUNTY OVERSUB-SCRIBES ITS QUOTA ABOUT THIRTY TIMES

McCreary county, the newly-made pauper county, whose allotment in the third Liberty Loan was only \$3,-800, has subscribed a total of \$100,-500 from the towns of Stearns, Wor-ley, Fidelity, Barthel and Yamacraw, which are mining camps. All the subscriptions were made by employes of the Stearns Coal & Lumber Com-pany, and the total does not include the company's bond purchases.

SUNKEN STEAMER IS SOLD
Covington, Ky., April 24—United States Marshal H. M. Cox sold to Ralph Emerson for \$795 the steamer City of Parkersburg, which was sunk at Portsmouth, Ohio, when the ice

broke in the Ohio River last January. The sale followed a judgment ob-tained against the owners of the boat by the Keystone Lumber Company in the Federal Court at Catlettsburg, Ky., recently.

PLAY "BAD" MAN" AND ATTACK-ING CITIZENS, KENTUCKIAN IS KILLED BY HIS FRIEND
Cynthiana, Ky., April 23 — Roy Blake, 35 years old, a well-known character of the northern end of Har-

rison, was shot and killed last night by Ed Stone, a young man of the same community. Blake and Stone, who were friends, had attended Coun-ty Court together at Cynthiana and then started home in a carriage.

Blake is said to have abused Stone all the way to his home at Perry Ky., and upon arriving there they separated, Stone going to a restaur-ant and Blake to his home. Blake is said to have secured a revolver and

beginning playing "bad man," attacking several citizens of the little town. He finally met Stone and told him he was ready to settle old scores.

He drew his revolver, but Stone fired first, killing Blake.

Dr. P. G. Smoot yesterday moved his office from the second floor of the Masonic Temple to the First-Standard Bank building.

A CHALLENGE TO THE SUNDAY SCHOOLS OF KENTUCKY

Almost every Sunday School in Kentucky has lost some of its mem-bers who have gone into the service of the Nation. Some are in the Army, some in the Navy, and some have gone as Red Cross nurses. Most of the schools have placed Honor Rolls upon the walls, or have service flags, some have both. In the services each week those who are absent are remembered. Now comes the challenge of the Kentucky Sunday School Association, that on May 5th—which will be Ken-tucky's Go-to-Sunday-School Day—every Sunday School enroll two new members for each one who has gone into service. It can be done. It ought to be done. It must be done. Every Sunday School superintendent in the state should write the General Sec-retary, Rev. George A. Joplin, that this will be done. Address, 712 Lou-issville Trust Building, Louisville, Ky.

Miss Sallie Rickets of West Front street, left today to visit her daugh-ter near Worthington, Ind.

HUNS RENEW DRIVE

HAIIG'S MEN GIVE GROUND AS HUNS START GIGANTIC DRIVE ALONG SOMME BATTLE-FRONT.

Slight Progress Made by Teutons on French Front—Filed Marshal Haig Admits Loss of Villers-Bre-tonneux After Desperate Battle Which Rages Throughout the Day.

London, April 24—Field Marshal Haig reports that the Germans have taken Villers-Bretonneux. The text of the statement reads: "About 6:30 this morning, after a violent bombard-ment, the enemy attacked our whole front south of the Somme and the French on our right and was re-pulsed. Later in the morning, an at-tack on our positions in this sector was renewed in strength and although repulsed with loss on the southern and northern positions of the front, made progress at Villers-Bretonneux, where the fighting has been severe throughout the day. By evening, the enemy had gained possession of the village, and the fighting was contin-uing. Other attacks by the enemy this morning on the north bank of the Somme and north of Albert, were re-pulsed. We secured a few prison-ers.

"By a successfully land operation carried out this morning northwest of Festubert, a post was regained. The hostile garrison offered strong resist-ance and lost heavily. We captured a few prisoners and four machine guns.

"Early in the morning, the enemy delivered a strong local attack with-out success against our new positions east of Robecq. Our line was main-tained intact and eighty-four prison-ers were left in our hands. Addition-al prisoners were secured in success-ful minor enterprises in the forest of Nieppe and in the neighborhood of Meteren."

With the British Army in France, April 24—Hard fighting developed this morning on the southern battle front, the enemy attacking south of the Somme along the line of Villers-Bre-tonneux, Hangard-En-Santerre, Hal-lies and Castel. Early developments indicated that the Germans were try-ing only for limited objectives.

On the British sector, Villers-Bre-tonneux which nestles on a ridge overlooking the long stretch of the Somme valley, was the storm center, and here the enemy for the first time since the war began had tanks in ac-tion. Three of these engines of war accompanied the storming infantry, which at latest reports had battled forward into the eastern outskirts of the town, where severe fighting took place.

From the French sector came word that the Germans had made very slight progress.

The assault was preceded by a heavy bombardment abouta Villers-Bretonneux. At the conclusion of this preparation, the Germans surged for-ward along the whole British front south of the Somme, although it seemed evident that they had Villers-Bre-tonneux as their ultimate goal be-cause of its dominating position.

The first attack was thrown back, but the enemy immediately came for-ward again and this time met with more success. In the face of heavy machine gun and rifle fire, the Ger-mans pushed on toward the town, their three tanks leading. The British gave way slightly, and the enemy got a footing in the eastern fringe of the town.

Further north a little above the Al-beri region, the British infantry put

up an S. O. S. for artillery protection about four o'clock this morning, and what appeared to promise a serious attack began to show. It turned out to be nothing more pretensions than an attempted raid, however, and the British artillery smashed the enemy infantry as they were leaving their trenches.

Between Robecq and Givenchy-Lez-La-Basse there was also considerable enemy shelling this morning and the Germans made an attack in an at-tempt to take a post near Givenchy. But this movement was quickly stop-ped by the British fire. The British carried out minor operations at Givenchy which resulted in the recap-ture of a strong post which the enemy held.

South of the Clarence river, four German companies which essayed a local attack were repulsed.

A German bombardment of the British positions on both sides of the Riv-er Lawe on the northern battle front was begun at four o'clock this morn-ing. A large section of this battle front is seething, although the definite dimensions of the infantry action are not yet known.

Trouble has been brewing in the Somme sector for days, the enemy maintaining a bombardment of more or less intensity over a wide area. Throughout yesterday, Villers-Bre-tonneux and surrounding places were heavily shelled and this morning, the bombardment was greatly increased.

On the northern battle front the German artillery pounded the Entente Allied positions yesterday, especially in the Robecq and Ferville sector, and this morning an intense bombardment was put down in the British positions on both sides of the River Lawe. Thus a large section of the northern bat-tle front was seething today.

An attack above Albert came after a half hour bombardment by the en-emy. As the German infantry left their trenches the British deluged them with rifle and machine gun fire and forced a hasty retirement.

A British operation yesterday over a 2,000 yard front in the Rie-Du-Vinange sector was a complete suc-cess and greatly improved the de-fending lines. A nasty salient of about 1,500 yards wide and about the same depth had bulged into the British territory just north of Weis-Du-Vinange. By their attack, the Brit-ish drove the enemy from this salient and straightened their line.

Americans in Thick of Fight on Somme, Statement Indicates

Paris, April 24—The battle on the whole front south of the Somme and in the Avre lasted all day and still continues, according to the war office announcement tonight. The Germans gained a footing in the woods to the northward of Hangard-En-Santerre and also in the eastern outskirts of the village, which the French are des-perately defending.

Several enemy assaults were shat-tered near Hallies, and attacks at Senecat Wood and Hill 62 also failed. The statement says:

"An intense bombardment of the Franco-American positions south of the Somme and on the Avre was fol-lowed by a German attack carried out all along the front by considerable forces at 5 o'clock in the morning. The efforts of the enemy were di-rected against Hangard-En-Santerre, the region of Hallies and Senecat Wood.

"South of the Avre, the battle, which lasted all day, continues at the present hour. It was particularly stubborn in the region of Hangard. After a series of furious assaults, the enemy succeeded in gaining a footing in the wood north of Hangard as well as in the eastern outskirts of the vil-

lage which our troops are desperate-ly defending.

"The fighting was less violent in the neighborhood of Hallies. Several ene-my assaults directed against the ridge east of the village were broken down by our fire and our counter attacks.

"Further to the south the Germans were similarly checked in their at-tempts against Senecat Wood and Hill 62, which remained entirely in our possession.

"On the right bank of the Meuse the artillery was quite active."

NOTICE OF CONGREGATIONAL MEETING

By order of the Session of the Cen-tral Presbyterian Church there will be a Congregational meeting held Friday, May 3, 1918, at 7:30 p. m. to take action on union with the First Presbyterian Church. It is important that every member be present.

THE DAILY PUBLIC LEDGER

Published Daily Except Sunday, Fourth of July, Thanksgiving and Christmas by the Ledger Publishing Co., Maysville, Kentucky.
EDITOR AND MANAGER.....CLARENCE MATHEWS
 Local and Long Distance Telephone No. 40. Office—Public Ledger Building.
 Entered at the Maysville, Kentucky, Postoffice as Second-class Mail Matter.

PUBLICITY HUMBUG

Creel is attracting much attention these days. Why not eliminate him and direct all thought toward the war. The more attention the country gives to small matters, the weaker it is in accomplishing its serious duty. We don't deprecate Creel himself, but only the function put up to him, which has excited so much discussion, that might have been directed toward sending forth armies. Wipe out the whole business. It stands in the way of vigorous prosecution of the war. Everything does which stands in the way of putting armies in the field. Let the publicity business go by the board and Creel go with it. In making so much effort to prevent publicity we are failing to do things that might amount to important news. Anything that does not contemplate the shooting of a Hun is out of order. Besides, it is ridiculous to think that we can keep the kaiser from knowing what is going on. That publicity bureau costs ten times more than it is worth.—Ohio State Journal.

NO LATCHSTRING FOR WOOD

Whenever Col. House returns from any of those numerous trips to Europe, made as "the personal representative of the President," he finds the White House door open to him and the Presidential ear likewise. Gen. Leonard Wood, journeying to the French front as the representative of the American army returns home to find the President "sporting the oak." Gen. Wood is as acute an observer as Col. House, his military rank is higher, his army training longer, his patriotism as great—but the President does not receive him. Is it because Col. House tells the President the things which fall pleasantly upon his hearing, while he fears that Gen. Wood may blurt out some uncomfortable truths?

THE KATY DIDN'T

In response to vigorous protests against large members of able bodied men of draft age being kept at desk jobs in Washington, the administration announced that it would remove most of these men from their bomb-proof jobs. Later announcements indicate that the men will not be sent "over there" but will be transferred to other positions here in the United States, though farther from the seat of government. The complaint was based upon the fact that many of these men were doing work which women and girls could do as well. Whether they will be transferred to other jobs of similar character, remains to be seen.

WAR GARDENS

Coming Along Nicely—Banner Garden For Month of April To Be Announced Next Wednesday By Advisor Dieterich.

Just a few more days in this month in which to have your garden looking its best. The ward advisor may be along and look at your garden most any day. Next Wednesday City Advisor Dieterich will announce the banner war garden for the month of April.

Mr. J. B. Orr says he is sure that one of the Fifth Ward gardens will come in for the first prize but Mr. Ben Cole says that the First Ward will show Mr. Orr a thing or two when the awards are made.

The war gardens have created a great deal of interest this year because everybody wants to do his fair share in helping Uncle Sam win this war. If you have been a little negligent about your garden, you had better get into the game because war gardens are going to prove a very profitable venture.

It's going to be quite an honor to have published that your garden is the best kept and arranged war garden in the city of Maysville. Suppose you try for it this month. You'll

THEY GAVE HER VINOL FOR BRONCHITIS

And it Cured Her—Read Mrs. Thayer's Letter

West Somerville, Mass.—"I suffered from a severe attack of bronchitis, with a terrible cough, no appetite, no energy, no strength and loss of sleep. The usual remedies failed to help me, but they gave me Vinol and it restored my appetite, stopped the cough and built up my strength so I am able to do my housework again."—Mrs. P. B. Thayer.

We guarantee Vinol for chronic coughs, colds, bronchitis, because it is a constitutional cod liver and iron remedy. Formula on every bottle.

John C. Peacor Drug Co., Maysville, Ky., and at the best drug stores in every town and city in the country.

enjoy getting into the race and perhaps will carry off the honor.

Another good thing about a veil is that the wearer can chew it when she runs out of rag.

ALLIES DEMAND MORE CEREALS

American Meat Restrictions Relaxed to Effect Greater Wheat Savings.

ARGENTINE ARRIVALS SHORT.

Meat Supply Here Considerably Enlarged — Food Administration, However, Warns Against Waste.

The allies have made further and increased demands for breadstuffs, these enlarged demands being caused to some degree by shortage in arrivals from the Argentine. It is, therefore, necessary for the U. S. Food Administration to urge a still further reduction in the consumption of bread and breadstuffs generally if we are to meet our export necessities. The Food Administration has issued a statement explaining the situation in detail, particularly the reasons which lead it, for the purpose of centering effort for the time being upon the cereal situation to relax temporarily the restrictions on meat consumption.

Experience shows, this statement says, that the consumption of breadstuffs is intimately associated with the consumption of meat. For various reasons our supplies of meat for the next two or three months are considerably enlarged, and we can supply the allies with all of the meat products which transportation facilities render possible and at the same time somewhat increase our own consumption. In these circumstances the Food Administration considers it wise to relax the voluntary restrictions on meat consumption to some extent with a view to further decreasing bread consumption.

Conservation of food must be adjusted to meet necessities from time to time, for neither production, nor allied demands are constant factors, nor can any of these factors be anticipated for long periods in advance in the disturbed conditions in which we at present live. While the world situation is not one that warrants any relaxation in the efforts to eliminate waste or to relax economy in food, the Administration desires to secure better adjustment in food balances.

So long as the present conditions continue the only special restrictions we ask are the beefless and porkless Tuesdays.

The meatless meal and the porkless Saturday are no longer asked.

The farmers of the United States are responding to the national call to increase hog production. Their increase, to all appearances, is being attained more rapidly. Of more immediate importance, however, are several complex factors which have effected an immediate increase in meat supplies.

The transportation shortage before the government took over the railroads, the bad weather in January and early in February, the large percentage of immature corn in the last harvest and the necessity of feeding this corn as rapidly as possible to save it from decay, have not only resulted in backing up the animals—particularly hogs—on the farms for a longer period of feeding, but have resulted in a great increase in their average weight and will result, with improved transportation conditions, which already appear, in larger than normal arrivals at market for the next two or three months. The weight of hogs coming to the market for the past two weeks indicates an increase in weight of from an average of 203 pounds last year to the almost unprecedented average of 232 pounds, or a net increase in their meat value of over 15 per cent. This is a distinct addition to the nation's meat supply. It therefore now seems certain that we have such enlarged supplies for at least some months to come, that we can not only increase our exports to the allies to the full extent of their transportation facilities, but at the same time can properly increase our domestic consumption.

The response of the public to our requests for reduced consumption of meat during the past few months has been most gratifying, and this service alone has enabled the government during this period to provide such supplies as transportation to the allies permitted.

The Administration also suggests that in those parts of the country where the old fashioned home preservation of pork is still the custom, this practice should be extended at the present time, as it will relieve the burden upon transportation to and from the packing houses and is economically sound as saving the cost of packing operations and at the same time will provide home supplies of pork to last over the months of decreased supplies.

The Food Administration desires to repeat that it does not want to give the impression that these are times when simplicity and moderation of living are not critically necessary, but that its sole desire is to secure an adjustment between our different food supplies and meet changing conditions from time to time and to keep the public fully and frankly advised of its position with the full confidence and reliance that whenever it becomes necessary renewed appeals for saving will meet the same loyal response as in the past.

A man without a conscience is very likely to be a man without a Liberty Bond.

The man who refuses to buy Liberty Bonds will deserve all the Hun hands him.

U. S. Must Cut Use Of Wheat by One-Half

America Consumed 42,000,000 Bushels Monthly. From Now Until Harvest Must Use Only 21,000,000.

RATION PER PERSON IS 1½ POUNDS OF WHEAT PRODUCTS WEEKLY

Military Necessity Calls for Greater Sacrifice Here—Allied War Bread Must Be Maintained—Our Soldiers and Sailors to Have Full Allowance.

If we are to furnish the Allies with the necessary proportion of wheat to maintain their war bread from now until the next harvest, and this is a military necessity, we must reduce our monthly consumption to 21,000,000 bushels a month, as against our normal consumption of about 42,000,000 bushels, or 50 per cent. of our normal consumption. This is the situation as set forth by the U. S. Food Administration at Washington. Reserving a margin for distribution to the army and for special cases, leaves for general consumption approximately 1½ pounds of wheat products weekly per person. The Food Administration's statement continues: Many of our consumers are dependent upon bakers' bread. Such bread must be durable and therefore, requires a larger proportion of wheat products than cereal breads baked in the household. Our army and navy require a full allowance. The well-to-do in our population can make greater sacrifices in the consumption of wheat products than can the poor. In addition, our population in the agricultural districts, where the other cereals are abundant, are more skilled in the preparation of breads from these other cereals than the crowded city and industrial populations.

With improved transportation conditions we now have available a surplus of potatoes. We also have in the spring months a surplus of milk, and we have ample corn and oats for human consumption. The drain on rye and barley, as substitutes, has already greatly exhausted the supply of these grains.

To effect the needed saving of wheat we are wholly dependent upon the voluntary assistance of the American people and we ask that the following rules shall be observed:

1. Householders to use not to exceed a total of 1½ pounds per week of wheat products per person. This means not more than 1½ pounds of Victory bread containing the required percentage of substitutes and one-half pound of cooking flour, macaroni, crackers, pastry, pies, cakes, wheat breakfast cereals, all combined.

2. Public eating places and clubs to observe two wheatless days per week, Monday and Wednesday, as at present. In addition thereto, not to serve to any one guest at any one meal an aggregate of breadstuffs, macaroni, crackers, pastry, pies, cakes, wheat breakfast cereals, containing a total of more than two ounces of wheat flour. No wheat products to be served unless specially ordered. Public eating establishments not to buy more than six pounds of wheat products for each ninety meals served, thus conforming with the limitations requested of the householders.

3. Retailers to sell not more than one-eighth of a barrel of flour to any town customer at any one time and not more than one-quarter of a barrel to any country customer at any one time, and in no case to sell wheat products without the sale of an equal weight of other cereals.

4. We ask the bakers and grocers to reduce the volume of Victory bread sold, by delivery of the three-quarter pound loaf where one pound was sold before, and corresponding proportions in other weights. We also ask bakers not to increase the amount of their wheat flour purchases beyond 70 per cent. of the average monthly amount purchased in the four months prior to March 1.

5. Manufacturers using wheat products for non-food purposes should cease such use entirely.

6. There is no limit upon the use of other cereals, flours, and meals, corn, barley, buckwheat, potato flour, etc.

Many thousand families throughout the land are now using no wheat products whatever, except a very small amount for cooking purposes, and are doing so in perfect health and satisfaction. There is no reason why all of the American people who are able to cook in their own households cannot subsist perfectly well with the use of less wheat products than one and one-half pounds a week, and we specially ask the well-to-do households in the country to follow this additional programme in order that we may provide the necessary marginal supplies for those parts of the community less able to adapt themselves to so large a proportion of substitutes.

In order that we shall be able to make the wheat exports that are absolutely demanded of us to maintain the civil population and soldiers of the allies and our own army, we propose to supplement the voluntary co-operation of the public by a further limitation of distribution, and we shall place at once restrictions on distribution which will be adjusted from time to time to secure as nearly equitable distribution as possible. With the arrival of harvest we should be able to relax such restrictions. Until then we ask for the necessary patience, sacrifice and co-operation of the distributing trades.

WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Many Aches and Ills of Maysville People.

As one weak link weakness a chain so may weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork strains, colds and other causes injure the kidneys, and generally when their activity is lessened the whole body suffers.

Aches and pains and languor and urinary ills frequently come, and there is an ever-increasing gravel or fatal Bright's disease. When the kidneys fail there is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys. Maysville testimony is proof of their effectiveness.

Mrs. Harry Mann, 495 W. Second St., says: "About two years ago, I suffered from an attack of kidney trouble that had lasted for a long time. I had a dull, constant ache in the small of my back and the pains were often sharp. I was also dizzy and felt tired and languid. Two boxes of Doan's Kidney Pills cured me and I haven't been bothered by kidney trouble since. I gladly advise anyone to get a box of Doan's Kidney Pills at the Chenoweth Drug Co., Props., Buffalo, N. Y. 'When Your Back is Lame—Remember the Name.'"

Mrs. Mann is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Mann had—the remedy backed by home testimony, 50 cents at all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

HOW TO WIN THE WAR

By Frank A. Vanderlip

Chairman National War Savings Committee.

This war is the biggest job America ever faced or is ever likely to face. We are just beginning to understand what it means to go to war in the modern sense and what it means to prepare America for war.

We know we were unprepared. Our unpreparedness was complete. But we came to make an inventory of what is necessary; when we come to understand what a gigantic task it is to equip an army; when we come to know something about modern warfare and understand that it is a matter of equipment as much as it is of men; then we begin to see something of the size of this undertaking.

We have seen the Departments come forward with their estimates of what was necessary to equip this army, and we have seen Congress appropriate for expenditure this fiscal year nineteen billion dollars.

Do you know what a billion dollars is? I don't. I have been used to handling million-dollar units a good deal. We know what a million dollars is pretty well. We scan picture what sort of a building, how much of a shop, what kind of a store a million dollars represents. Some of us have had to do with ten-million-dollar transactions. I know pretty well what it means to float a ten-million-dollar bond issue. I have a little idea of how much railroad track, how much equipment, how many locomotives you could buy for ten million dollars. Once or twice I have had to do with hundred-million-dollar transactions, and then we did have a five-hundred-million-dollar transaction. We have been growing to this thing by degrees. But suddenly we have this new unit—a billion dollars—and we multiply it by nineteen. Congress did not have any apprehension of what nineteen billion dollars meant. It appropriated patriotically what was asked for. The Departments did not have any conception of what nineteen billion dollars meant to spend. The Treasury certainly had no experience in raising any such sums. But they went at it, and they went at it under wise guidance, and they have raised a vast amount already. They made such a success of

the first two-billion-dollar loan that three billions were subscribed; such success of a three-billion-dollar loan that four billions six hundred millions were subscribed.

We are coming to see, however, that when Congress appropriates money there is something else to do. We have to raise it, and then we are coming to see that when we raise money there is something else to do; we have to spend it. And so we are beginning to measure this task, not in dollars, but in things, for it is things that we have got to convert these dollars into. Nineteen billion dollars! It would make a ring of twenty-dollar gold pieces around the Equator, one lying next to the other. It is three times all the money there is in the United States. Every dollar that this government has spent from its foundation, down through all the wars, through all the days of peace, all it has spent for pensions, for the Panama Canal, for constructing public buildings—every expenditure that it has made from the first days of Alexander Hamilton in the Treasury down to the beginning of this fiscal year—fifty-two billion, three hundred million; and now we are going to spend nineteen billion dollars in a year! The value of all the railroads in the country—tracks, terminals, equipment, locomotives, cars, everything—is less than nineteen billion dollars. That would you think if we had to reproduce the railroad system of America in a year.

I tell you, we have come to a time when we have got to weigh the expenditure of dollars in a new scale. It is no longer a question of whether we can afford to buy a thing that we want. The question now is: Can the nation afford to have us buy it? We have got to look at our personal affairs from a national viewpoint. We have got to see that we have a duty to society, a duty to the nation—in fact, a duty to the world—in the conduct of our personal affairs.

It is a trite thing to say we are not awake. We are awake. We know there is a war, but the thing is so big we do not comprehend it. We are asleep so far as recognizing the full significance of these figures is concerned—of understanding how gigantic the task is.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills for constipation.

among men and women of which every one is a member. This secret service is constantly taking and comparing notes on the character of all individuals within the circumference of its observation. My young friend, do not be deceived. They know all about you. They look as innocent as you, but they know every step in your going and coming, even though you were covered by the darkness of the night. There are a thousand eyes and ears and the keenest wits in this great busy detective who lives in your neighborhood. He feels himself who thinks he can fool this all-seeing detective. Therefore it pays to be sincere and genuine—to be, in short, just what we are in public and private, in talk and action at home and abroad. The beginning of bigness is absolute sincerity and something more. I would call it living the truth.

CLARK OFFERED SEAT IN SENATE—GARDNER TENDERS SEAT VACATED BY STONE'S DEATH

Jefferson City, Mo., April 24—Governor Gardner tonight tendered to Champ Clark, Speaker of the House of Representatives, the appointment as senator, to succeed the late William J. Stone. The governor announced he had sent the following telegram to Mr. Clark:

"I have the honor of tendering to you appointment as senator, to fill vacancy caused by death of Senator Stone. I hope to have early advice of your acceptance."

The tendering of the office to the Speaker had been expected by many members of the House of Representatives, but they do not believe Mr. Clark will surrender the speakership to accept it.

HOLLAND AND GERMAN ARE NEAR BREAK

Amsterdam, April 24—The Het Volk announces that the German minister to the Netherlands has left The Hague for Berlin, and that the Dutch minister to Germany is on his way from Berlin to The Hague.

Amsterdam, April 24—The Berlin correspondent of Nieuwe Rotterdamse Courant is informed by a person in authority that negotiations between Germany and Holland and the negotiations are not making headway.

The Hague correspondent of the Handelsblad says that the question of the transport of sand and gravel and the use of the railway line through Limbourg depends on the intentions of Germany. The correspondent adds that the Dutch government will firmly observe neutrality, whatever happens.

NO STRING ATTACHED TO WAGE INCREASES

Washington, April 24—Railroad employees will not be compelled to invest in Liberty bonds wage increases which may be granted as a result of the Railroad Wage Commission's recommendations, the Railroad Administration explained today, denying specifically reports circulated widely among railroad workers that the government would seek to dictate the expenditure of wage grants.

Director General McAdoo has announced that any pay increases which may be ordered will be effective as from January 1 and has urged voluntary purchase of Liberty bonds.

\$50,000 DAMAGES ASKED

Equitable Trust Company, Guardian of Mearl Perkins, Files Suit Against Steamer Homer Smith For Alleged Mistreatment of the Girl While on the Boat.

Through Attorney A. D. Cole suit was filed in the Mason Circuit Court yesterday by the Equitable Trust Company, of Dover, as guardian of Mearl Perkins, a minor, against the Security Steamboat Company, a common carrier operating the Steamer Homer Smith, asking for \$50,000 damages. The suit grew out of the charge made by the Perkins girl that Harry McGervey, mate on the Smith, raped her last Monday morning while the boat was returning to this city from Cincinnati.

The petition states in part that the plaintiff, who is an infant, under 16 years of age, by her guardian states that on or about the 21st of April, 1918, in consideration of — dollars in good and lawful money of the United States of America, which she paid to the defendant at Maysville, Ky., he undertook and agreed to transport her safely from Maysville, Ky., to Cincinnati, Ohio, from Cincinnati, Ohio, to Maysville, Ky., on her return.

The plaintiff states that pursuant to said contract, the defendant carried her to Cincinnati, but that while she was returning to Maysville, Ky., on or about said date, the defendant failed to keep or perform his said contract to transport her safely, in this; that upon defendant's steamerboat, Homer Smith, a servant of the defendant, who was then and there in the employment of the defendant to act as mate thereof and authorized by him to collect tickets from his passengers, announce the various landings, and in a general way, to look after the comfort of the passengers thereon—unlawfully in Mason county, Ky., assaulted, beat, bruised, choked her about the head and body with his hands and fists, detained, raped and ravished the plaintiff, who was then and there upon said steamerboat as a passenger; by reason whereof she was made to suffer great pain and agony of body and mind and has been made thereby to incur doctor's bills and other expenses to the special damage in the sum of \$500 and to her damage in all to the sum of \$50,000.

FRANCIS PICKED FOR STONE'S PLACE BUT LANSING OPPOSED MAKING CHANGE AT BUS.

SIAM POST

Jefferson City, Mo., April 24—That decision had been made to appoint David R. Francis, now Ambassador to Russia, to the United States Senate, succeeding the late Senator W. J. Stone, but that Secretary of State Lansing advised against such action was announced yesterday by Governor Gardner, who stated that he has not yet made his selection.

Governor Gardner stated he had wished to appoint Francis, but before doing so consulted Secretary Lansing. The Secretary of State replied that "at present it would be most unfortunate for the government to withdraw Mr. Francis from Russia."

GENERAL HALY HAS QUIT SERVICES—RESIGNS AS COLLECTOR

Washington, April 24—The resignation of Gen. Haly as Collector of Internal Revenue for the Frankfort district was filed Tuesday with the Commissioner of Internal Revenue, to become effective May 1, or as soon thereafter as the change can be made. Senators Beckham and James have joined in their recommendation that Elwood Hamilton, of Frankfort, be appointed, and he will be named. Gen. Haly retires to engage in private business in connection with the flattering opportunity which has been offered him.

OHIO COUNTY WANTS HUN PRISONERS FOR LABORERS

Wheeling, W. Va., April 24—Steps are to be taken by the Ohio county board of commissioners, to secure from the war department a large number of German prisoners of war, for use on the public roads of the county. The great scarcity of common labor is greatly impeding the road work throughout the state and the recent offer of the war department will be eagerly taken advantage of not only in Ohio county but in many other counties of the state where large highway improvement projects are being held up.

EARLY AGREEMENT ON AUTO CUT EXPECTED

Washington, April 24—Agreement by automobile manufacturers to effect a further curtailment in the output of pleasure cars is expected within a day or two, as the result of conferences begun yesterday between automobile men and representatives of the Fuel Administration and the War Industries Board. The program contemplates a curtailment of probably 75 per cent after July 10. There already is a 30 per cent curtailment order in effect.

TIME LIMIT ON STATEMENT VOID

Frankfort, Ky., April 24—The corrupt practices act was declared invalid by the Court of Appeals in so far as it requires a statement of campaign expenses fifteen days before the election. The decision affirmed the Leslie Circuit Court, which granted a mandamus to W. S. Saylor, requiring the county board to issue him a commission as Magistrate. He was elected, but filed his statement seven days before the election.

ANOTHER RIVER EXCURSION TONIGHT

Because of the inclemency of the weather the excursion run by the Steamer Homer Smith last night under the auspices of the Maysville Lodge of Elks was not the success that it was expected to be. The Smith will run another excursion out of this city tonight for the benefit of those who could not go last night because of the bad weather.

\$9,400 SUBSCRIBED TO LOAN YESTERDAY

Mason county's subscription to the Third Liberty Loan was increased \$9,400 yesterday, making the total sale to date \$263,300. Thirty-six subscribers were added to the list yesterday, making a total of 774. \$90,100 remains to be raised in the nine remaining working days. Let's hurry and go over the top.

Regular mid-week prayer service at the Third Street M. E. Church tonight. A cordial invitation to all to attend. The choir will meet for practice immediately following the service.

AH, HERE'S A NEW ONE

Conscientious Objectors' Unit Is Formed at Camp Taylor.

Camp Zachary Taylor, Ky., April 24—About 3,000 visitors here to attend the meetings of the Kentucky Educational Association this afternoon will visit the cantonment as the guests of the divisional staff. The teachers will be escorted through barracks buildings, the camp library and will have an opportunity of watching the infantry school of arms at work.

Announcement was made at division headquarters today that a new detachment has been organized to be composed entirely of conscientious objectors and will be known as the One Hundred and Fifty-fifth Conscientious Objector Detachment.

This unit will be administered as a separate organization and will be under the direct supervision of the commanding officer, One Hundred and Fifty-ninth Depot Brigade, but will not form a part of the brigade. It is announced.

Aquittal of Captain Clement E. Fry, of the Quartermaster Reserve Corps, was voted by the Court-martial which tried him on charges that he permitted the improper shipment of the body of a soldier other than that of Private G. Alvey to the home of Alvey's parents at Harrisonburg, Ill.

Washington, April 24—Telegrams to National Liberty Loan Headquarters today told of \$43,000,000 new subscriptions, bringing the total to \$1,700,094,850. A score of big cities were reported ready to go over the top of their quotas.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadersville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before."

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape."

I cannot say too much for Black-Draught for it is the finest laxative one can use. Theodor's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it.

FLORENCE OIL COOK STOVES

These Stoves Save War Coal

KEROSENE IS THE FUEL FOR THE FLORENCE OIL STOVES. FOR KITCHEN NEEDS, IT IS ONE OF THE MOST CONVENIENT AND ECONOMICAL FUELS. LOOK CAREFULLY AT THIS FLORENCE AUTOMATIC COOK STOVE. NO SMOKY WICK TO TRIM, FOR THE ASBESTOS LIGHTER REPLACES IT. YOU MOVE A LEVER, LIGHT A MATCH, AND GET A CLEAN, HOT FLAME CLOSE TO THE COOKING. WITH THE LEVER YOU REGULATE THE FLAME HIGH OR LOW, WHICH WILL BURN STEADILY AS LONG AS THE OIL LASTS. THE GLASS BULL-EYE IN THE TANK SHOWS YOU THE SUPPLY OF OIL.

IT FURNISHES YOU AN EVEN HEAT, SO NECESSARY FOR SUCCESSFUL HOME-CANNING. THE PORTABLE OVEN BAKES QUICKLY AND EASILY. THE GLASS-PANELLED DOOR ENABLES YOU TO WATCH YOUR BAKING. FIVE DIFFERENT GRATE LEVELS MAKE YOUR GRATES EASY TO ADJUST. USE IT FOR THE DRYING OF YOUR FRUITS AND VEGETABLES.

GO IN AND LOOK AT THE FLORENCE OIL STOVES. "LOOK FOR THE LEVER."
